

# NEBOSH HEALTH AND SAFETY AT WORK QUALIFICATION – LEVEL 2

Workers with the Award in Health and Safety at Work qualification will benefit organizations who are seeking to implement or maintain a health and safety management system by giving workers an awareness of common workplace hazards. It will also ensure the workforce, in particular supervisory staff, can apply the principles of risk assessment and understand how to control common workplace hazards.

## Content outline

### Unit HSW1: Workplace safety foundations

- Element 1: The foundations of health and safety
- Element 2: The responsibility for health and safety
- Element 3: Health and safety risk assessment and control
- Element 4: Work equipment
- Element 5: Transport safety
- Element 6: Working with electricity
- Element 7: Fire safety
- Element 8: Manual handling and repetitive activities
- Element 9: Hazardous substances
- Element 10: The working environment

### Unit HSW2: Risk assessment activity

## TARGET AUDIENCE

The types of people who would benefit from this qualification include:

- Team Leaders and Supervisors
- Safety Professionals
- Facilities Managers
- Maintenance Technician and Operation Staff

## ENTRY REQUIREMENTS

There are no specific barriers, in terms of academic qualifications, skills or experience to entry to the NEBOSH Award in Health and Safety at Work programme.

## COURSE ASSESSMENT

Unit HSW1 is assessed by a 1-hour multiple choice examination and Unit HSW2 is assessed by a one-hour practical assessment carried out in the candidate's own workplace.

## Duration

25 hours
