

Award in Health and Safety in the Workplace (HSW)

nebosh

LEARNING
PARTNER

BRONZE 570

// Course Overview:

The NEBOSH Health and Safety at Work Award is an introductory level qualification that looks at health and safety in the workplace. It is suitable for anyone who needs to understand the principles of health and safety as part of their job; this would include team leaders and supervisors, HR professionals, facilities managers and those training young people in a working environment.

// Course Learning Outcomes

On completion of the course, your learners will be able to:

- » Understand why health and safety needs to be managed, ensuring effective processes are in place;
- » Inspect the workplace, recognizing a range of common hazards, evaluating risks (taking account of current controls), recommending further control measures and assigning actions; and
- » Understand why incidents happen and how to investigate them.

// Course Attendees:

Anyone who needs to understand the principles of health and safety as part of their job will benefit from taking this qualification including:

- » Team leaders and supervisors
- » HR professionals
- » Facilities managers
