## **NEBOSH HSE Award in Managing Risks and Risk Assessment at Work**

### **Course Overview:**

NEBOSH HSE Award in Managing Risks and Risk Assessment at Work, is an introductory level qualification that looks at health and safety risk management at work and the process to be adopted for controlling health and safety risks caused by workplace hazards. This qualification has been designed to assist staff or volunteers involved in managing workplace risks and who undertake risk assessments, to confidently identify sensible and proportionate precautions to control the risks in the workplace.

### **Learning Outcomes:**

- The reasons for managing health and safety risks including competence of those involved and the importance of consultation with relevant workers
- Effectively manage risk, which will involve identification and understanding of risk potential and its control
- Where to find sources of information to help identify and manage risk, and the application of the HSE risk assessment tools

### **Target Audience:**

This qualification is for anyone involved in managing workplace health and safety risks including those who undertake risk assessments. The content will be particularly useful to employers, managers, supervisors, union representatives, SHE champions and health and safety representatives.

### **Recommended Entry:**

None

### **Assessment Method:**

A practical assessment is completed at the end of this qualification. You will be asked to watch a video of a real workplace and complete a risk assessment to identify how you would manage and prioritise the risks present.

### **Grading System:**

Pass/ Fail
